2 People, Partners & Residencies

Founded in 2011 as a five-year project, Spring Workshop is a cultural initiative that experiments with the way we relate to art. With an international cross-disciplinary program of artist and curatorial residencies, exhibitions, music, film and talks, Spring has served as a laboratory for exchange between artists, organisations and audiences in Hong Kong and abroad. In December 2017, Spring ceased its usual activities to begin its planned season of rest and transformation.
